Boating along London's waterways provides a relaxing alternative to the usual hustle and bustle of the Capital. This leaflet details the wide range of boaters' facilities available for use on London's Grand Union and Regent's Canals, the River Lee and Stort Navigations and Docklands. It also provides length of stay details for both visitor moorings and stop & shop moorings plus contact numbers for enquiries.

Visit our website at **www.britishwaterwayslondon.co.uk** to find out more about the many things you can see and do along our canals and rivers in London. There's information on waterside events, days out and activities such as angling, cycling and walking as well as interactive maps and useful details of canal maintenance programmes. You can also call or email our offices below. If you would like information on canals across the country, visit the national British Waterways website through the London website, or contact British Waterways Customer Services on 01923 201120.

British Waterways London

FACILITIES

FOR BOATERS

LONDON'S CANALS & DOCKLANDS
RIVER LEE & STORT NAVIGATIONS

LONDON'S CANALS & DOCKLANDS
RIVER LEE & STORT NAVIGATIONS

There are many facilities in the London area, provided by both British Waterways London and private operators. The range of services listed overleaf are available for use by visiting boaters, and it is useful to consult this guide when planning your cruise.

The information on the grid inside this leaflet indicates the facilities available at different locations throughout the region, along with contact numbers at each site for more details. If you are likely to need assistance for the facility or service you require, we recommend that you call before setting off on your journey.

Some facilities are charged for (either attended in person, coin–operated or by using a pre-paid swipe card), and you may like to call in advance to find out payment arrangements. In addition to this, facilities available at privately-operated sites may only be available to boaters who have booked into that site – they may not be available for the general use of passing boats. Please check with the private operator in advance.

PLEASE NOTE:

Keys
It is essential that you keep your BW Key with you at all times. It will allow you to gain access to the various sanitary stations, water points and some visitor moorings along the way, and also to release the anti-vandal mechanisms fitted to some paddle gears at locks. BW keys and windlasses can be purchased from British Waterways London offices, or at the marked boat yards and marinas listed overleaf.

Hoses
Your own hose will be required for most water points.

Fuel
Diesel is available at several locations. Petrol is not available at waterside sites, but there are many garages near to the waterways where it can be obtained, if required.

Phone
Some of the phones marked overleaf may not be available 24 hours.

Visitor moorings and stop & shop moorings
Visitor moorings and 'stop & shop' moorings managed by British Waterways London are indicated on the map and grids overleaf. Both are free of charge for the period specified on the grids and show the maximum length of stay as the time followed by either an 'h' for hours or 'd' for days.

Both types of mooring are run on a first come first served basis and it is not possible to reserve them. (Visitor moorings at Poplar Dock Marina are the exception to these arrangements – please phone for full details.) Boaters may also moor on the towpath for up to 14 days in any one calendar year, providing they are not causing an obstruction. (See British Waterways London's 'Boaters' Guide' leaflet for full details.)

Private operators' visitor moorings must be pre-booked and a charge may apply. Their contact details are given on the grids.

Mooring by sanitary stations and facilities points
Boaters should only moor at these locations whilst they are using the facilities. Once finished, they must move on and leave the area free for the next boater.

Thames tidal locks
Thames tidal locks at Brentford, West India Dock, Limehouse and Bow can only be passed when manned by British Waterways London staff. Boaters are advised to refer to the 'Tidal Lock Availability' leaflet for manned times and contact the lock offices ahead of their journey.

USEFUL PUBLICATIONS

The following publications are available free of charge from any of the British Waterways London offices (contact details listed on back cover):

Boaters' Guide – a general guide to boating and navigational requirements in the London area.

Moorings in London – contact details and prices for permanent moorings in the London area, both private and British Waterways London owned.

Tidal Lock Availability – information about tidal lock availability at Limehouse, West India Dock, Brentford & Bow.

London's Canals – visitor information on things to see and do on the Grand Union and Regent's Canals.

London Docklands – information on the history of the docks on the Isle of Dogs, and what to see in the area.

The Rivers Lee & Stort – visitor information about where to go and what to see on the River Lee & Stort Navigations.

Events on London's Waterways – list of events throughout the year, on and by the waterways in the London area.

You may also find the following publications of use when planning your journey. There is a charge for these:-

Thames Tideway Guide – advice on sailing on the tidal Thames – published by the Inland Waterways Association.
T. 01923 711114

Nicholson's Guide to the Waterways – Issue 1: London, Grand Union, Oxford & Lee and Issue 7: Thames, Wey, Kennet & Avon – published by Harper Collins Publishers. **T.** 0141 306 3296

Waterways Maps Series – Lee and Stort Navigations; Grand Union Canal, Map 3 (including GU Canal in London and Regent's Canal); London Docklands and Greenwich; Thames – published by GEO Projects. **T.** 0118 939 3567
